## Od Redakcji.

**Ponowne uzyskanie pierwotnej produkcji „Joffre Nr. II".** Jak już donieśliśmy w ostatnim „Petrolu" Nr. 612 z dnia 29. września br., uzyskano na tym otworze po wyrobieniu zasypu i odczyszczeniu otworu (odparafinowaniu) zwiększenia produkcji ropy. W nocy z 28 na 29 zm. powiększyła się wybuchowa produkcja ropy, wynosząca ostatnio zaledwie tylko 2·50 cystern dziennie na około 6·50 cystern i trzyma się obecnie w wysokości 6 cyst.

Świadczy to, że utrata wzgl. spadek dziennej produkcji ropy był tylko objawem przejściowym, a silny zasyp i zaparafinowanie otworu były też powodem tego znacznego spadku.

## Note de la Rédaction.

**Acroissement de production. „Joffre" II.** Comme nous avons dejá rapporté dans le „Petrol" numero 612 du 29 septembre crt. on a reçu ici l'ancienne production après le curage d'éboulis et après le nettoyage du trou.

Dans la nuit du 28 a 29 pto la production eruptive du petrole, se montant dans les jours derniérs á 2·50 citernes par jour a augmenté a environs 6·50 citernes, qui se maintient a present á plus de 6 citernes.

Cet fait les preuves que la perte respect. la diminution de la production journaliére du brut était un accident momentanément, la diminution de la production du brut a éte causée par l'éboulis et le trou etant paraffiné fortement.

### Fusion des sociétés pétrolieres.

Par suite de la fusion de la soc. „Nova" Oel und Brennstoffges. A. G. avec „Schodnica" soc. pour l'ind. pétrol et „Karpathia" Petroleum-Vertriebs-Gesell. m. b. H. tous a Vienne, la cotation. des actions „Schodnica" sera suspendue a la bourse de Vienne. en faveur des actions „Nova".

La société „Nova" s'occupe entre autre avec la vente pour l'export des produits des raffineries polonaises, tchechiennes et hongroises, appartenantes au propre concern c'est a dire: Trzebinia, Glinnik Marjampolski, Jedlicze, Ustrzyki Nafta- Drohobycz, Dros - Drohobycz, Apollo-Bratislawa, Mährisch-Schönberg et Hazai — Budapest.

En outre la soc. nommé est la representante de la raffinerie la plus grange du continent c. a. d. de la Raffinerie Minerale de l'Etat „Polmin" a Drrohobycz pour les etats succesifs et pour l'Italie et represente aussi la vente de paraffin du Cartel de Paraffine polonais — pour les particuliers etats centrals européens.

Le conseil a en vue de proposer aux actionnairs de la soc. „Schodnica" l'echange de ces actions contre les actions de „Nova" a condition 1:1.

## Von der Redaktion.

**Wiedererlangung der Roholproduktion „Joffre II".** Wie wir bereits im letzten „Petrol" Nr. 612 vom 29 September l. J. berichtet haben, erlangte man wieder auf obigem Schachte nach Ausarbeitung des Aufschuttes und Ausreinigung (Entparaffinierung) des Bohrloches die fruhere Rohölproduktion. — In der Nacht vom 28 auf den 29 vM. vergrosserte sich die letztens kaum 2·50 Zisternen taglich betragende Rohölproduktion auf ungef. $6^1/_2$ Zisternen und hält sich dieselbe bis heute in der über Hohe von 6 Zist.

Dies bezeugt, dass der Rohölverlust bzw. Ruckfall blos eine vorübergehende Erscheinung war und dass der starke Aufschutt sowie die Verparaffinierung des Bohrloches die Ursache dieser so bedeutenden Produktionsabnahme gewesen sind.

### Fusion von Naphtagesellschaften.

Durch Fusionierung der „Nova" Oel-u. Brennstoffges. A. G. mit der „Schodnica" Aktien-Gesellschaft fur Petroleum-Industrie und der „Karpathia" Petroleum Vertriebs-Gesellschaft m. b. H. die alle ihren Sitz in Wien haben, wird die Notierung der „Schodnica" Aktien in der nächsten Zeit an der Wiener Börse zu Gunsten der „Nova" Aktien eingestellt werden.

Die Aktien Ges. „Nova" betreibt unter andern den Exportverkauf der Produkte ihrer polnischen, tschechischen und ungarischen Konzern-Raffinerien, das sind: Trzebinia, Glinnik Marjampolski, Jedlicze, Ustrzyki, Nafta-Drohobycz, Dros-Drohobycz, Apollo-Bratisława Mahrisch-Schönberg und Hazai-Budapest.

Ueberdies hat sie die Generalvertretung der grossten kontinentalen Erdölraffinerie und zw. der staatlichen Mineralölraffinerie „Polmin" in Drohobycz, für die Sukzessionsstaaten und Italien, sowie den Verkauf des Paraffins des polnischen Paraffin-kartells für einige zentraleuropäische Staaten.

Die Verwaltung der „Nova" A. G. tragt sich mit der Absicht, den „Schodnica" Aktionären den Umtausch deren Aktien gegen „Nova" Aktien im Verhaltnis 1:1 anzubieten.

Die Verwaltung berichtet, dass das Geschäft gegenw. gunstig sei und durch die Fusion erweitert werden dürfte.
